Drop Off and Pick-Up Procedures

Safety is an idea all parents can agree on.

For this purpose we proudly have adopted the following traffic pattern. Please let other family members know of the procedure. Please work together to bring a safe and accessible school site.

1. There is one supervised drop off and pick-up location. The reverse shows a map where cars are expected to enter and exit the drop off and pick-up area. The arrows indicate the direction vehicles should follow.
2. There is a no parking zone in the traffic patterns, as noted on the map. This is to avoid congestion and accidents.
3. Please do not enter the driveway North of the school-it is for bikes and special buses.
4. Please do not use 2900 East for drop off or pick-up. The road is narrow. We need to keep it clear for snow removal, pedestrian safety, and neighbor courtesy.

Thank you for your support. We will have faculty and volunteers working to ensure a safe and efficient drop off and pick-up.
