

Here are the results from our on going lottery. As a reminder, the order of the lottery is the order that names will be drawn to fill open positions when enrollment begins, commencing in March 2010. Applicants will only be taken from the letterized #'s if positions are available after the enrollment of existing students and those admitted pursuant to an enrollment preference. Please review the application and enrollment procedures posted on the website for details. Enrollment invitations are now posted weekly and deadlines for returning registration packets if your child receives an invitation.
